DESCRIPTION

An icon of Italian design and the result of the creativity of Michele De Lucchi and Giancarlo Fassina, the Tolomeo lamp was launched in 1987 and represents the perfect balance between functionality and aesthetics.

Its essential design, featuring a lightweight yet durable aluminum structure, combines elegance and practicality. The adjustable head and stamped aluminum reflector ensure a uniform and comfortable light, suitable for a variety of lighting needs.

Thanks to its innovative system of articulated arms with a spring mechanism, the lamp can be fully adjusted in height and inclination, offering maximum freedom of use. Perfect as a desk, reading, or table lamp, it unites technical precision and timeless style in perfect harmony.

Awarded the Compasso d'Oro, Tolomeo is today one of the most recognized and beloved lamps in the world of design. The Tolomeo Micro, the more compact version of the iconic model, preserves the proportions and functionality of the original while perfectly adapting to smaller spaces.

With the Color Matte Collection, Tolomeo Micro is renewed through a palette of new tones, where color becomes an expressive language that enhances interiors. Traditionally anodized, this edition is now entirely painted, giving a fresh and contemporary look to one of Artemide's most iconic lamps.
