IN THE WIND FLOOR

Arihiro Miyake

Floor lamp for a warm and widespread LED lighting. The structure is manufactured through a technology of torsion and misalignment of the aluminium extruded bar, expressly studied by Nemo. It allows a 360° LED emission. Terminal parts are in die-casted aluminium. Diffusers are in opal metacrylate. The lamps are available in matt white, matt black, titan grey and matt gold. For the floor version, switch and dimmer on the cable.
