

SWAN

Bernhard Osann

A graphic symbol, essential lines that accentuate the Swan lamp's great flexibility of movement and functionality. A productive intuition and a sophisticated mechanism make the lamp arm extendable from 134cm to 184cm while preserving the linearity and composure of the design. The adjustable light source offers precise and punctual illumination. The counterweight, an essential part of the design, is covered in Testa di Moro leather.

SWAN

LAMPING

Source	LED board
Total power	15W
Emission	orientable 60°
Switching	dimmable
Tension	110/240V
Color temperature	2700K
Luminous flux	839lm
Typ CRI	90
Dimensions	184xmin 165
Materials	Aluminium
Notes	cable length 2.3m, dimmer on cable, honeycomb accessory included
Net lamp weight	1,5 kg

Codes

SWA LN2 31

Structure

matte black painted

PACKAGE

Package 01

Dimension: 196x23x10 cm / Gross weight: 2,5 kg
