LAMP HOLDER ASSEMBLY

Fig.3

Turn the assembly around.

Remove the lamp holder.

Insert a flat headed screw driver inside the opening of the lateral clamp and unhook the lamp holder (D) from the support. Repeat the same operation also for the opposite side.

Fig.4

Remove the lamp holder from its support and disconnect the electrical wires by pressing the push terminals with a paper clip (E) or something similar.

WARNING! When installing and whenever acting on the appliance, ensure that the power supply has been switched off. For the installation of the spare-part, it is necessary to consult a qualified electrician.

LAMP HOLDER ASSEMBLY

Fig.7

Fig.8

Fig.9

Fig.10

Unfasten the locking screw (H) by utilizing a tiny flat headed screw driver.

Remove the lamp holder support (I) by unfastening it from the assembly.

Assemble now the new spare-part:

Tighten the lamp holder support (I) onto the assembly and then fasten the locking screw (H) by utilizing a flat headed screw driver.

Insert the isolator (F).

WARNING! When installing and whenever acting on the appliance, ensure that the power supply has been switched off.
For the installation of the spare-part, it is necessary to consult a qualified electrician.

LAMP HOLDER ASSEMBLY

Fig.11

Connect the electrical wires to the lamp holder by utilizing always the paper clip. Connect the Brown "L" (live) wire in the terminal that corresponds (opposite side) to the centre brass contact of the lamp holder and then connect the Blue "N" (neutral) wire in the other terminal.

Fig.12

N.B. The electrical wires are connected by pushing the wires inside the terminals, therefore it is necessary to verify that they are connected properly.

Now reassembly the lamp:

Hook the lamp holder (D) on the support (I). Turn the assembly around and connect the electrical wires to the terminal box (C).(Fig.2 page 6)

Fix the lamp assembly (B) by fastening the screws (B). (Fig.1 page 6)

WARNING! When installing and whenever acting on the appliance, ensure that the power supply has been switched off. For the installation of the spare-part, it is necessary to consult a qualified electrician.
